

# CommBox USB /Network Port

Specifications ZTT0856

**CommBox is proud to announce the introduction of the new USB/Network Port.**

**The USB/Network Port consists of:**

- USB Breakout port
- RJ45 network breakout port

**Input Wallplate**

Allows users to plug devices such as a laptop into an easily accessible wallplate for the purposes of connecting to a network.

Allows users to connect to a USB port on a device such as a PC or Interactive white board or to easily plug their USB drive into a desk-installed PC.

Single gang wallplate fits flush mount into a single stud wall or into a standard single gang wallbox.

<b>Connectivity</b>	Cat5 Ethernet and USB
<b>Cut Out Dimensions</b>	42mm by 32mm
Depth above mounting plane	23mm approx (not including RJ45 plug)
<b>Dimensions</b>	110mm(H) x 67mm(W) x 25mm(D) (same as standard single gang wallplate)

*The Network Port simplifies installations and ensures that customers have a standard wallplate in every room.*
