

Digital Video Commander is a content management and distribution system combining many other technologies and benefits for your learning environment.

ON DEMAND VIDEO STREAMING
Play any content via a PC, Laptop, IWB or TV using 'Real time streaming protocols'. Both uni-cast and multicast ensure DVC is the least bandwidth intensive product available.

RECORD FREE TO AIR
Record 5+ TV channels at once and automatically record your favorite programs.

CALL YOUR AV DEALER TODAY FOR AN INTERACTIVE CD DEMONSTRATION

DIGITAL SIGNAGE
Send any content such as powerpoints, video, scrolling text and more to any TV, PC or IWB. (School message board)

4000+ EDUCATION TITLES
DVC comes complete with a package of educational titles for free.

VIDEO EDITOR
An easy to use video editor. Record free to air, snip out the adverts and then add the copyright notice with one click. Simple and fast.

ELECTRONIC PROGRAM GUIDE:
Built in point and click. Record & control multiple Foxtel or Free to air channels overnight. Schedule over a year in advance.

STREAM COPYRIGHTED MATERIAL
Watch and control any DVD, VHS player or Foxtel from any PC, Laptop, IWB, Plasma or LCD.

RECORD FROM FOXTEL
Record multiple Foxtel channels overnight, over the weekend and over school holidays

CAMERA MANAGEMENT
View, control and record from any IP or analogue camera. Great for security, live viewing and productions

ROOM CONTROL
Built in room control - turn on/off equipment from a central location. Auto room shutdown after a certain time.

DVC is a single box solution that offers so much more than any other system available. Contact your AV dealer for an on-site demonstration today.
